The Outset Difference

We turn curiosity into action with hands-on learning, inspiring mentors, and experiences that bring the medical world to life.

Friendships and fun

Outset students don't just learn together - they build friendships and make summer memories together. Evenings at FIU vary by week. Some examples of past activities are beach trips and ice cream, scavenger hunts, pool parties, and other relaxed outings that allow everyone to get to know each other.

These shared experiences bring students out of their shells and help them create connections with peers who are just as excited about medicine and campus life.

Life back in the dorms can look like volleyball games on the quad, card games, small-group hangouts, and activities led by our staff. Students often say these low-key evenings were where the strongest friendships formed.

All activities are supervised by trained, 24/7 residential staff, giving students a safe, supportive environment to explore campus, try new things, and enjoy an inspiring week at FIU.
