

SUMMER 2027

Outset at University of Washington

Outset

We're so excited to welcome students to the University of Washington for Outset 2027 Summer Programs!

Spend a week this summer at the University of Washington, where you can explore medicine in a hands-on, immersive environment. Students will practice clinical skills in simulation labs and learn from instructors who are passionate about mentoring future physicians. UW is nationally recognized for excellence in clinical training, giving students the chance to experience a top-ranked medical program firsthand.

Beyond the labs, students will live on campus and explore Seattle, from the Pike Place Market and waterfront to the artsy U-District. You'll experience the city's culture and outdoor spaces, all framed by Seattle's stunning natural backdrop, including views of Mount Rainier. UW offers an unforgettable summer for students to grow their skills, deepen their curiosity, and take meaningful steps toward a future in medicine.

The Outset Difference

We turn curiosity into action with hands-on learning, inspiring mentors, and experiences that bring the medical world to life.

SUMMER 2027

Friendships and fun

Outset students don't just learn together - they build friendships and make summer memories together. Evenings at the University of Washington vary by week. Some examples of past activities include exploring Pike Place Market, grabbing ice cream in the U-District, enjoying a movie night on campus, and other relaxed outings that help everyone get to know each other.

These shared experiences bring students out of their shells and help them create connections with peers who share their interest in medicine.

Life back in the dorms can look like volleyball games on the quad, card games, small-group hangouts, and activities led by our staff. Students often say these low-key evenings were where the strongest friendships formed.

All activities are supervised by trained, 24/7 residential staff, giving students a safe, supportive environment to explore campus, try new things, and enjoy an unforgettable week at UW.
